PEDAGOGICAL AND IMMERSIVE SOLUTIONS FOR TEACHERS AND STUDENTS

Aldebaran SAS - 43 Rue du Colonel Pierre Avia - 75015 Paris (France) - RCS Paris B 483185807 - N° VAT : FR06483185807

What if we gave you a teaching tool capable of making any of your courses fun and immersive?

NAO Activities is an educational solution with generative AI, for teachers and students. Learn english, math, science, history and many other subjects interactively.

An educational library

Explore our library of activities created with teachers and their students, from elementary school to higher education.

Playful and Personalized interaction

NAO can play a role, propose a quiz, or answer students' questions. Find the activity that suits you best.

Infinite potential

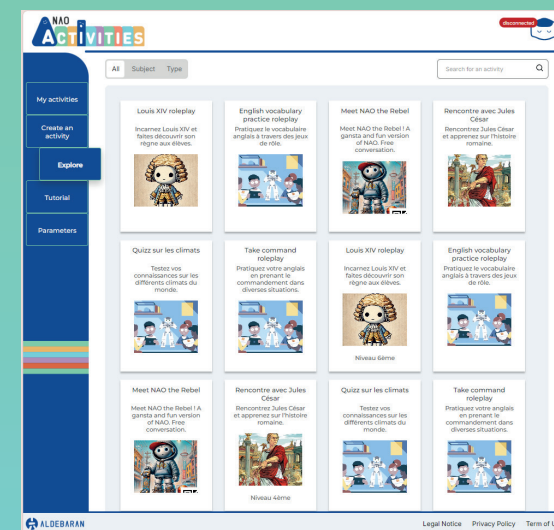

With a simple text, NAO plays the activity of your choice. Print the activity card, then show it to NAO to launch it

Fully intuitive !
No need to have technical background to use NAO Activities

An intuitive web platform for creating activities

Easy-to-use activity cards with IA

What is the value of NAO?

Nao can embody a character or a role to play some simulations. NAO is not judging. Students can freely train themselves for a job interview, negotiation, debate, foreign language, oral exam, without any feeling uncomfortable.

Immersive experience:

NAO captivates students' attention, promotes deeper learning, and increases motivation and self-confidence through interactive and engaging activities.

Customized experience:

The same activities can be customized to fit with students capacities
